E Supply

We're hitting the road with ErectaStep this week, and showcasing our partnership. We are proud to carry the ErectaStep line, and can't wait to show you all it can offer.

ErectaStep has endless possibilities, and as we travel Florida this week, we're able to give you a hands on look at a complete ErectaStep configuration. Want to see if we are hitting a location close to you this week? Contact our sales team via [email](#) or give us a call at 800-486-5542.

And if you miss us this week, we have you covered! Our sales team is happy to share more information on the entire ErectaStep line with you, and give you an in-person consultation. [Reach out](#) to us for more information, and read on to explore the many solutions ErectaStep can put into place for you.

Why Buy ErectaStep?

1. Quick bolt-together assembly for easy installation
2. Real time design and estimation
3. Pre-engineered components
4. Fully engineered and OSHA compliant
5. In-stock and ready-to-ship!

Happy New Year from all of us at Certified Slings! We are excited to see what 2022 brings our way, and even more excited to reconnect with our customers this year at in-person events, trade shows, and more!

As always, we are here to help you, so feel free to reach out to our team for help with any of your rigging, overhead lifting, or contractor supplies. *Since 1958, we've been here to help!*

2022 FTBA Construction Conference

We're looking forward to the #FTBA Construction Conference this Thursday and Friday, Jan. 20th and 21st. Come out and visit with our team, learn what we have new for 2022, and pick up some awesome Certified Slings swag. Find us in the new Safety Village!

Get your tickets [here](#).

Tool Box Talks - Schedule Yours Today

We love meeting our customers out in the field, and our Tool Box Talks are a great option to get personalized, informal teaching sessions with a member of our staff. **Contact us** today to schedule a team member visit to go over safety, sling basics, and more.

Need something more in-depth? Check out our sister company over at [Academy Training Center](#).

CERTIFIED SLINGS

A Worswick Group Holdings, LLC Company

& Supply

March sure came in like a lion! We've hit the ground running this month, and have so many exciting **NEW** products to share, like BlokCam and Speedbinders, both from our friends at Crosby.

Speaking of Crosby, we've been able to partner with them, and make the rounds in the field with their demo truck! It's getting us really excited for the **2022 Safety Week!** Make sure you keep reading to get the details on this year's event, and make sure your team is on the list for a visit from the Certified Slings team!

Crosby | BLOKCAM

BlokCam is a wireless system that can be quickly and easily deployed to the hook block or boom tip of a crane.

The sound and view from below the camera is then transmitted and received wirelessly via the antenna systems to a screen in the cab.

This allows the operator to see and hear the load and surroundings, giving an unobstructed, live, audiovisual feed of the critical areas that working in the blind would never allow.

For more information, click [here](#).

Speedbinders™ | TORQUE DRIVE

Speedbinders by Crosby is changing the load binder industry with its patented Torque Drive technology.

Their line of products provide considerable time saving benefits for drivers as well as enhanced safety by eliminating repetitive, straining operations. Torque Drive binders are revolutionizing load securement.

By adopting the practice of using portable power drill to secure loads and pull the chain tight, you can alleviate shoulder strain, reduce injuries, and allow for easier operation and reduced operation time.

For more information, check out the link [here](#).

CONSTRUCTION SAFETY WEEK

**Are you ready for the
2022 Construction
Safety Week?**

**Don't miss your chance to have
Certified Slings visit your job site
for Safety Week, May 2-6, 2022**
